

CONSTRUCTION UPDATES

Northwest Library

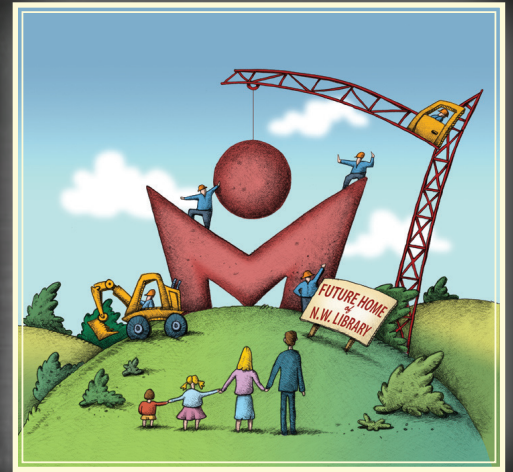

Unique roof top derricks will be a unique and historical feature and will also serve as large source of natural light within the library.

Aerial shot taken on Feb. 26, 2011

A look towards the future front doors of the library.

Upon completion, nearly 47,000 people will live within a three mile radius of the Northwest Library, 5600 NW 122nd. The new library will also be the only library in Oklahoma City's Ward 8, which encompasses nearly the entire northwest corner of the city.

- The Northwest Library will contain a collection of nearly 156,000 books, CDs, DVDs, magazines, and more.
- The Northwest Library will be the first LEED certified brand new library in Oklahoma. (*Martin Regional Library in the Tulsa City-County system was remodeled to LEED specifications*).
