RETURN KINDLE TITLES EARLY

When signed in to the OverDrive catalog, visit the **Loans** page and click the **How to return** link.

TRANSFER EBOOKS TO YOUR KINDLE VIA USB

Kindle titles need to be downloaded to a computer and transferred to a Kindle using a USB cable **only** when:

- Your Kindle does not have access to Wi-Fi (Kindle titles can only be transferred via Wi-Fi or a USB cable, i.e. not a 3G or 4G connection).
- You have a 1st or 2nd generation Kindle or the Kindle DX.

1. Using your computer, laptop, smart phone or tablet, visit the OverDrive catalog at metrolibrary.overdrive.com.
2. Click the **3 books** icon  at the top of the page then enter your **full** library card number and your **full** last name.
3. Click the **Kindle Books** link at the top of the page to display our Kindle titles then click on the **magnifying glass** icon to begin your search.
4. Once you've found a title to borrow, tap **Borrow**.

If you aren't already signed in to your Amazon account, you will be prompted to sign in with your Amazon account email address and password. This is the email and password associated with your Kindle. This is the email and password associated with your Kindle. If you are already signed in\after you sign in, click **Download now**.
6. If prompted, indicate the Kindle to which you plan to transfer your title and click the **Continue** button.
7. When prompted, click **Save** and select a location that is easy to find. (*We recommend the **Desktop** but if you are using Windows, it might automatically save the file in the C:\Users\Owner\Downloads folder.*) Once the file has been saved, connect your Kindle to your computer using the USB cable that came with your Kindle.
8. Your Kindle will appear as a drive in the same location where external USB drives, e.g. flash drives, usually appear on your computer. **For Windows users**, this is typically in the "Computer" or "My Computer" locations. **For Mac users**, the Kindle drive will appear on the desktop.
9. Open the Kindle drive. You will see several folders inside, one of which will be named **Documents**. This is the folder into which you will move the eBook you downloaded.
10. Locate your eBook and drag and drop it (or cut and paste it) into the **Documents** folder.
11. Safely eject your Kindle from your computer (**For Windows users**, this is the same process as ejecting a flash drive. **For Mac users**, drag the Kindle drive from your desktop to the trash) and unplug the USB cable. The eBook will now appear on your Kindle.
