

Let's make Family Hand Portraits!

SUPPLIES:

Colorful paper: one color for every person in your family, plus one more for the background

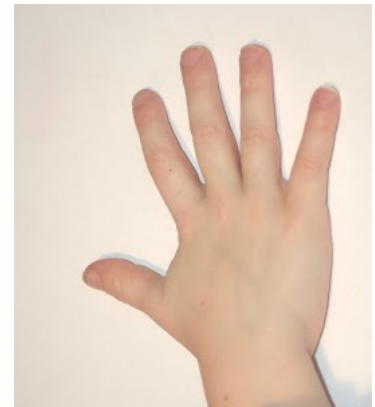

Pen

Scissors

Cardboard

Glue

1. Trace your family members' hands, each on a different color

2. Cut out the hand outlines.

3. Cut out small circles or squares of cardboard. Glue one to the back of each handprint. This is optional and will create depth in your picture.

4. Layer the hands and glue them in a stack with the largest on bottom and the smallest on top. Frame and enjoy!
