

# Craft Stick Fairy Puppets

**1.** Cut a circle for the face and a triangle for the dress. Draw the face on the circle.

**2.** Glue the triangle to the popsicle stick, then glue the head to the popsicle stick, so that it covers the top point of the triangle.

**3.** Cut the cupcake liner or doily in half, then fold the pieces in half. Glue to the back for wings.

**4.** Add any finishing touches, like stickers, washi tape, or more. Enjoy!
