Online Coding Club
Kids & Teens, Ages 9-14

Youth ages 9-14 will learn coding and computer programming skills, and use those skills to create their own games and projects! Prior coding knowledge is welcome but not necessary. This is a 6-week course and participants are expected to participate in all 6 sessions and work on projects on their own time between sessions. Registration is required to receive the Zoom meeting link. If needed, students may have Chromebooks and Wifi hotspots checked out to them for self-guided learning between sessions. This program is made possible by a grant from Google. https://spotic.us/codingclub

Write a short story inspired by this line from Frankenstein by Mary Shelley: “Nothing is so painful to the human mind as a great and sudden change.”
