Can you match each Hispanic Heritage YA book to the correct blurb? And then check them out from your library today!

1 When Cammi's mom gets cast in an American television show and the family moves to LA, things change, and quickly. At first Cammi thinks playing along with the stereotypes will be her way of teaching her new friends a lesson. But the more she lies, the more she wonders: Is she only fooling herself?

2 Modern history unearthed as a boy becomes an innocent victim of corruption in Bolivia's crime world, where the power of family is both a prison and a means of survival.

3 An LGBTQ+ love story with a difference. Another beautiful and heart-breaking story from bestselling Adam Silvera, author of History Is All You Left Me.
