The Village Library's Coding Challenge

Contest Rules
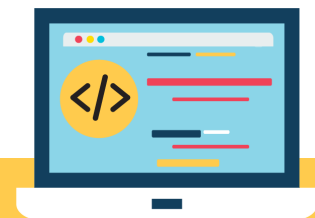

The Rules:

- Adults may help brainstorm or test projects, but the coding must be done by the kids or teens.
- Each participant may only submit one project.
- Submissions may not use copyrighted material.
- The deadline for submission is December 13, 2020 at 6 pm.

Suggested Platforms:

Submissions may be created using any platform, as long as it is "sharable" without judges needing login information. Recommended platforms include Scratch, MIT App Inventor, Code.org's App Lab, and Thunkable.
