

LET'S MAKE FRIENDSHIP BRACELETS

1. Tie your 7 strings together and pull them through the cardboard circle.
2. Arrange each of your 7 strings, into the slits around the circle.
3. Hold your circle so the open slit is at the top.
4. Count one, two, three strings clockwise.
5. Take that third string out of its slit, and place it in the empty slit.
6. Rotate the circle so that the empty slit is again at the top.
7. Repeat Steps 3-6 until your bracelet is long enough to wear!
