Art Exploration Activity: Shapes Collage

Supplies

- Glue stick
- Sheet of cardstock
- A bag filled with tissue paper squares, triangles, and other shapes

Directions

1. Apply glue to the different shapes you would like to use. Press them onto your paper to create your collage, in any order you like!
2. Art activities are a great way to build your child's vocabulary. You can use words like lighter/darker, bigger/smaller, thinner/thicker to compare materials.

Play With Me At Home!

Here are some questions you can ask your child as you're working on your artwork:

- What colors do you see?
- What shapes do you see?
- What color do you like best?
- How does the tissue paper feel?
- What sound does the tissue paper make when you crinkle it?
- How are the tissue paper and regular paper different? How are they the same?

This activity supports the Oklahoma Academic Standard for Fine Arts for Pre-K and Kindergarten: "PK.VA.P.2.1 Practice creative exploration using a variety of art materials, supplies, and tools."
