

How to Use the Fortune Teller

Place the print side down facing the table.
Fold on the lines according to the directions below.

Put your fingers inside and open and close it according to the following directions: Ask your partner to choose a color: blue, yellow, green or red. Spell out the color while opening and closing it that number of times. Then, choose a number.

Open and close the **fortune teller** the number of times that your partner picked. Then, choose another number. Open the flap with that number. Read the question to your partner and the partner will answer the question. Have fun learning about your friend!
