

SEASCAPE DIORAMA

Supplies: cardboard box, scissors, markers, double sided tape, tape, glues stick, seascape template, yarn, string, or fishing wire, paper

- Color & decorate your seascape creatures from template (or draw your own) & cut out each one you want to use.
- Cover the inside of your box with paper by cutting it into the right shape and taping down with double sided tape or use your glue stick.
- Use tape or glue stick to attach each of your seascape creatures and pieces into your diorama however you like.
- Use yarn or string & tape to hang some of your fish from the top of your diorama to create a 3d effect.
- Viola! You've made a seascape diorama!
