

LET'S CREATE A CATERPILLAR AND LEAF

Supplies: napkin, green paper, skinny pipe cleaner, glue gun & glue stick, marker, pencil

- Fold green paper in half and cut out your leaf shape. Fan fold your entire leaf, and then unfold!
- Wrap your napkin around a pencil and scrunch down before pulling off of pencil!
- Using black marker, color in the top of your napkin caterpillar and add spots!
- Using green paper make a small tube and glue onto leaf as shown in video.
- Stick pipe cleaner through the tube and glue caterpillar head to the top end of your pipe cleaner and the tail end of your caterpillar to the bottom of the tube.
- Use pipe cleaner to make your caterpillar move up and down your leaf!
