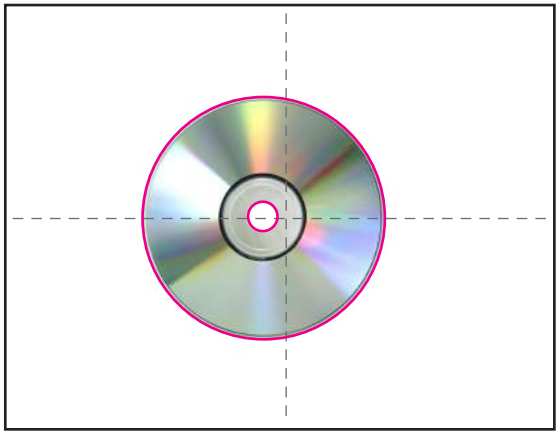
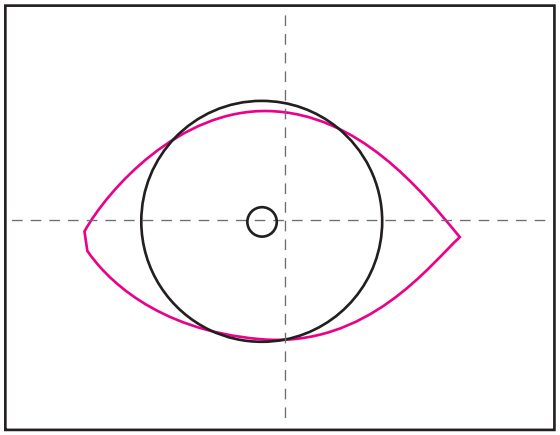
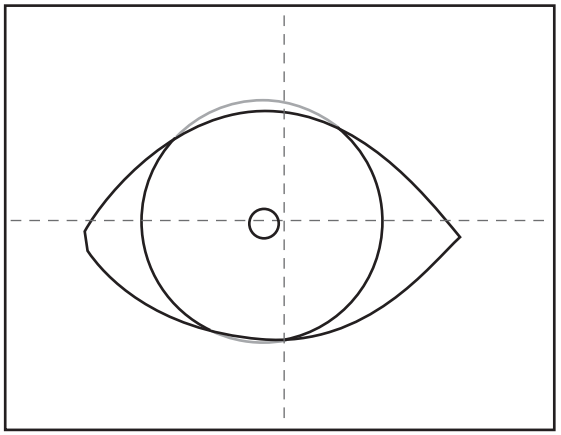
How to Draw an Eye



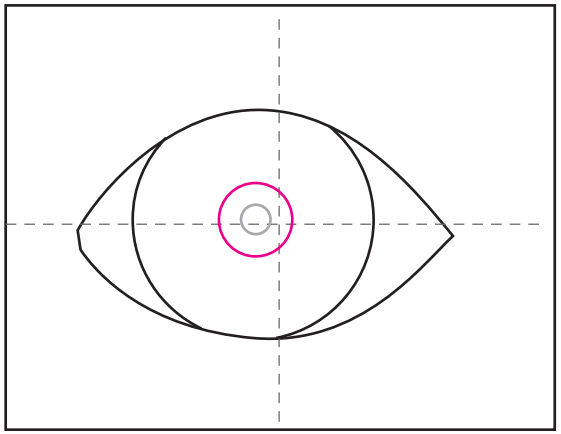
1. Trace a CD or similar size circle, and center mark.



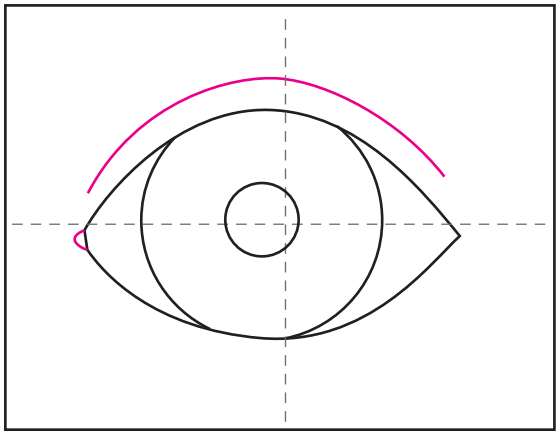
2. Draw a large eye shape that crops the circle a bit.



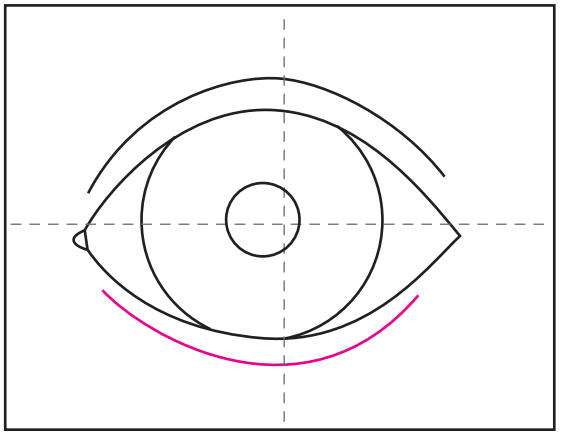
3. Erase the circle lines outside the eye.



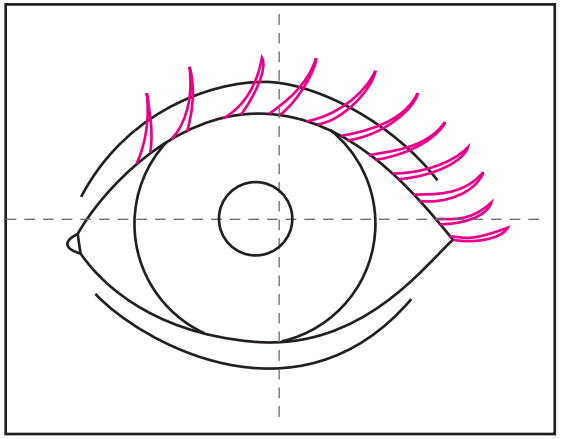
4. Use center circle to draw a larger pupil.



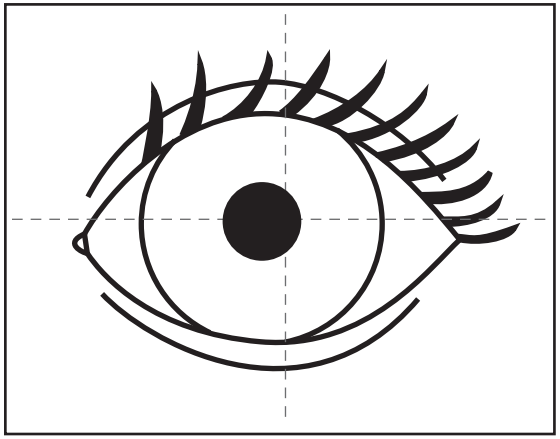
5. Draw tear duct and top eye lid edge.



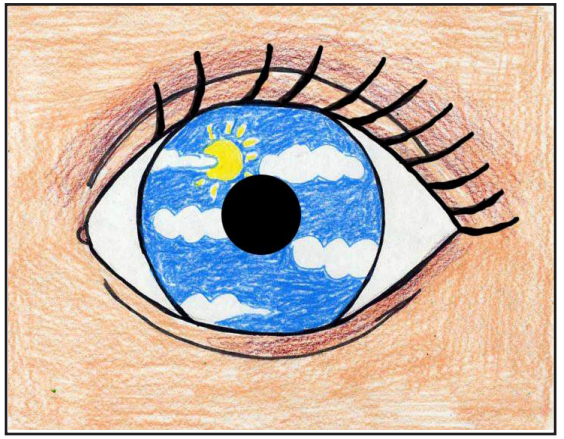
6. Draw the bottom eye lid edge.



7. Add eyelashes.



8. Fill in lashes and pupil with black marker.



9. Draw something inside, trace and color .
